Battery Charger for Marine Crystal Video

1. Pursuant to your request to have a battery charger developed which would permit operation of the Marine Crystal Video System concurrent with battery charging schedules, the Philco Corporation was contacted and requested to submit a proposal.

2. The attached proposal has been examined by our cognizant engineer and found to be acceptable for the intended usage. It is recommended that this proposal be accepted and that we be furnished with the proper allotment number in order that the contractual arrangements may be completed.
